Hello and Welcome to My Classroom!

Kids often find it easier to connect with animals — especially dogs. While dogs are always learning, they're also incredible teachers. What makes my presentations unique is that students experience the lesson *through the eyes of my therapy dog*. With Suki or Kong by my side, learning becomes fun, natural, and engaging — students don't even realize they're in the middle of a lesson.

I know what it's like to be "the" shy student who avoids raising their hand for fear of saying the wrong thing — I was one of them. That's why, during my interactive presentations with my therapy dog, I work with teachers to gently encourage quieter students to participate in a way that feels safe and supportive.
