Hello and Welcome to My Classroom!

Kids often find it easier to connect with animals — especially dogs. While dogs are always learning, they're also incredible teachers. What makes my presentations unique is that students experience the lesson *through the eyes of my therapy dog*. With Suki or Kong by my side, learning becomes fun, natural, and engaging — students don't even realize they're in the middle of a lesson.

I work with teachers to gently encourage quieter students to participate in my interactive presentations with Kong or Suki in a way that feels safe and supportive.
