Hello and Welcome to My Classroom!

Kids often find it easier to connect with animals — especially dogs. While dogs are always learning, they're also incredible teachers. What makes my presentations unique is that students experience the lesson *through the eyes of my therapy dog*. With Suki or Kong by my side, learning becomes fun, natural, and engaging — so much so, students don't even realize they're in the middle of a lesson.

I know what it's like to be "the" shy student who avoids raising their hand for fear of saying the wrong thing — I was one of them. That's why, during my interactive presentations with my therapy dog, I work with teachers to gently encourage quieter students to participate in a way that feels safe and supportive.

My presentations are not limited to the ones below. If you have a custom lesson, let's chat and how I can make it happen.

Character Traits

In this presentation and discussion, we explore what character traits are and why they matter in storytelling.

Here's how we bring the lesson to life:
